There must be a good reason for this. It is because alum was found to be unhealthful.

ACTIVITIES AMONG THE CLIFTON SCHOOLS

Basket Ball Season Closes With a Good Record—Patron's Day Friday, April 7th.

The Juniors and the members of the Spanish classes will give a "double header" entertainment at the High School auditorium Monday evening, April 10, beginning at 8 o'clock. The small admission price of 25 cents will be charged.

Patron's day Friday, April 7th, should be a banner day for the teachers and pupils. Parents will have a chance to see the classes in regular work, view the mounted drawings, exercises in penmanship, etc., and inspect the products in manual training and domestic art. Every body is invited to attend these exercises and should take advantage of the opportunity afforded. Come and enjoy the day, or a part of it, with the children and encourage them in their work.

The basket ball season ended last week with the Silver City and Morenci teams defeating and losing to the locals. Silver City won a closely contested game from our quintet by the score of 31 to 27. Morenci lost by the score of 51 to 10. Our boys though young and inexperienced, through the able coaching of Mr. Walek and his persistent efforts with them, handicapped in many ways, made a good record for the year. The C. H. S. students generally are in sympathy and hearty accord with clean athletics and support the game to the best of their ability. What is needed more than anything else, is more real sportsmanship, courtesy and loyalty from those not directly connected with the high school. Why Phoenix, Glendale and other towns are big in the school world, whether the schools are large or small, is that the old students and the public in general have confidence in the student body, stick by those in charge of the school activities, and are loyal supporters of those engaged in any contests. Their attitude is friendly toward the home team, their support for it, and they yell for it—yes, actually "root" for it.

Death of J. W. Moon—

A telegram was received in Clifton this week by the local lodge of Elks to the effect that one of their number had passed away at San Marcial, N. M., in the person of J. W. Moon. From the information received the cause of death was accidental poisoning, death resulting on Tuesday of this week. Mr. Moon was an old and esteemed member of Clifton Lodge No. 1174, B. P. O. E. and was for some time a resident of Clifton being employed as brakeman on the A. & N. M. railway. His demise will be mourned by a large number of friends here. Interment will take place on Monday at Commerce, Texas.

Visiting in Texas—

Minor O. Sims, accompanied his wife to El Paso the first of the week, where Mrs. Sims met her sister in the Pass City and from that point accompanied her to her home in Abilene, Texas, where she will make an extended visit.

On Wednesday evening a party of local Elks left for Bisbee by auto to attend the annual reunion of the order. One of the Cansler & Albrecht autos was chartered for the occasion and those making the trip were Andrew Liddell, J. A. Albrecht, Peter Riley, A. R. Lynch and W. B. Kelly, of Clifton, and N. K. Loder, of Morenci. Elaborate preparations have been made by the Bisbee boys to entertain their visiting brothers and this reunion is expected to eclipse anything of a similar nature ever held in the state and the Clifton members will no doubt be well repaid for their attendance.

WHAT IS IT?

With reference to my remarks which you were good enough to publish in a recent issue of your paper, I have taken occasion to go about some of you non-church going friends and enquire specifically some of the reasons which they have for non-attendance at the church service. The reasons and excuses given were many and various, which may be summed up under the following heads:

1. Indifference.
2. So many other things to do, as rest after the strenuous week. Picnics, Sunday being the most suitable day. Other attractions or amusements which are more entertaining. Too busy.

3. What's the use of going to hear the preachers in this town, we know as much as they do.

4. So few people attend, so what's the use of going?

5. An institution which seems to be composed of gossiping women and "Sissy" men, is no place for me.

6. They are always pestering one for aid.

In no case was there direct opposition or antipathy to the churches as an institution. In fact these people with whom I spoke really approved of the churches and what they stand for. Many of them, while not church-goers themselves, insist that the children attend Sunday school, recognizing fully the benefits which their children will derive from such attendance.

Summing up I am of the opinion that none of the above excuses have any logical reason for their existence, and in fact the chief excuse or reason, whatever you care to call it, is particularly illogical, namely, indifference, which is really akin to laziness, and is a willingness on the part of men to sacrifice their future, which is so distant, on the altar of their present ease.

I will take the liberty of replying to the above specious excuses, with the courtesy of the editor of this paper, at an early date, in the hope that the people of Clifton, particularly the men, for they are chiefly at fault—will realize their duty and also their privilege in this matter.

LAYMAN.
